20 April 2011

Dear Theo & Dino,

Thank you again for meeting Ann Hurst, Mary Tso and me last week. We greatly appreciate you giving us the time to discuss superannuation issues.

Conversations with practitioners and advisors help to improve our administration as it gives us a better perspective of the system.

We will also be conducting visits in Melbourne in the coming weeks. Our findings on issues and trends will be communicated back to the industry after we have completed these visits.

We look forward to meeting with you again in the future. In the meantime if you have concerns about activities or arrangements being offered to the market involving self-managed superannuation funds please contact me on (07) 3149 5504 or Mary Tso on (03) 9275 2758.

Regards

Stuart Forsyth
