What is a Financial Services Guide?

This Financial Services Guide ('FSG') helps you understand and decide if you wish to use the financial services we are able to offer you.

The Licensee and its employees are collectively referred to as "us, we, our" throughout this FSG.

This FSG sets out the services we provide. It tells you:

- who we are and how we can be contacted;
- what services and products we are authorised to provide to you;
- how we (and any other relevant persons) are paid; and
- how we deal with complaints.

We may provide you with personal advice that takes into account your needs, financial situation and circumstances. Where we provide you with personal advice, we will provide you with a Statement of Advice ('SOA'). The SOA outlines our advice and the basis on which the advice was given. It also outlines relevant information about us, our fees and charges associated with our advice. We are only able to provide personal advice about certain products as stipulated under our Australian Financial Services License ('AFSL').

If we provide further personal advice after providing our initial advice, we may record this in a Record of Advice, instead of an SOA. You may request a record of the further advice that is provided to you, if you haven't already been provided with it. You can also contact us, using the details below, within 7 years from when the advice is provided, to request this record.

When a financial product is recommended to you, you will be provided with a PDS issued by the product provider. The PDS contains information about the product to assist you in making an informed decision about the financial product. It will outline relevant terms, significant risks, and fees and charges associated with the product.

Our FSG is available on our website www.marinigroup.com.au
